Dear World ☐

Just get a Tesla already!

It literally will kill your desire for anything else.

@Tesla @elonmusk @woodhaus2

Made stunning cars, under the hood & on the road.

Why delay this gratification any longer?! Haha 😊

Sincerely,

One highly satisfied Tesla Driver 😊

Having a Tesla is the market for those looking for a new car.

It is absolutely understood if you are in college you are investing in your future whilst still possibly being unable to buy a Tesla.
