#miyacest Atsumu (16) getting up to clean himself off after fucking his favorite fleshlight, managing to miss how Osamu (13) stole it from his bottom bunk for himself. He'll come back into the room confused and disgruntled on where it's gone, but Osamu will feign sleep until his

brother blames it on his post orgasmic daze.

When he's sure that the older has gone off to sleep, he'll pull his little shorts down and sink the toy onto his own baby cock. Covering his weak whimpers with a hand as he fucks himself into his brothers slick cum.

And from the bottom bunk, an all too aware Atsumu will listen to his baby brother moan out his name and grind into the sloppy toy with a smirk of his own on his face. He'll give Osamu the real thing one day, he'll just have to be a little patient.
