#sakuatsu with service top Kiyoomi would never fail on getting me, just Kiyoomi wanting to be good for his boyfriend, making him feel good, the desperate need to be as close as Atsumu as he possibly can

The whines and whimpers every time Atsumu let's him take him, his thrusts hard and erratic as he gets more and more needy, leaving Atsumu laughing mockingly between unsteady breaths and weak moans, the desperate look on the raven's face being one of his favorite things

Along with the way his name falls out of his lips like a prayer, Kiyoomi's want for making the blonde see stars is bigger than his own desire, getting off on the sounds and faces that his lover makes as he gets pushed over the edge

Just Omi loving to make Atsumu feel good and getting pleasure from knowing he's the reason for the blonde's satisfaction, it's such a good flavor

//and yes I'll definitely make a whole thread on this one day
