"god tsumu, just look at ya" osamu pinned atsumu's wrists to the bed as he squirmed and whined because osamu's cock was just too big.

osamu starts thrusting his hips faster not looking away from atsumu's flushed face and god like sculptured body.

atsumu's body that swallows osamu's dick just so perfectly every time. if osamu could just take a picture to capture this moment, he would keep it forever.

"samu-" osamu is snapped out of his trance "m' gonna-"

osamu keeps thrusting as he watches atsumu arch his back

leaking his juices all over his torso and osamu soon cums inside of him. he pulls out and looks at the work of art that's under him.
