atsumu on his back, face buried in a pillow, chest heaving up as he lifts his hips up slightly, trying to meet rintarou's thrusts who presses down on his hip,

"shh. don't want him to wake up, right?" referring to his hotel roommate that time, kiyoomi who was wide awake.

maybe kiyoomi is silently jerking off as he hears atsumu's repressed whines and at the sound of rintarou's balls slapping against atsumu or maybe he's seething with jealousy because fuck, atsumu is supposed to be his.
