Don't charge a one-time fee for your service.

Wouldn't it be better to have recurring revenue?

So instead charge:

- half price up-front
- revenue share of 5-20%

Now you're getting money upfront to do the work with recurring revenue every month.

All you have to do is put in an affiliate link through the button on the site.

Then anytime someone goes through the site to buy the product you get x% of each sale.

Adding affiliates on Gumroad is easy.

For products not on Gumroad you'll need to go through a 3rd party site.

I can make a short thread on this if you're interested.
