"sa-samu p-please sp-spank me"

in which, the twins had been fucking ever since they got home from practice. osamu was angry because atsumu and suna were being a little too friendly with each other.

so osamu had to make sure atsumu knew who he belonged

to by being put in his place. by being spanked until there was a red hand mark on atsumu's ass.

"ya liked making me jealous don't ya? is it fun fer ya?"

tears streaming down atsumu's face from all of the pain osamu's spanking had caused.

"m' sorry samu, it won't happen again"
