the twins were home alone for the weekend and what better way then to spend the weekend then fucking in every inch of the house?

well that's exactly what they did, osamu was on top when they were in the kitchen and atsumu was on top when they were in the bathroom, osamu was on top when they were in the bedroom then atsumu again on the living room couch.

it was fun having one on top of the other and vise versa

"this is fun samu" osamu then kissed atsumu "we should switch more often"

the twins then had the bright idea to 69

atsumu sat on osamu's face with his dick in his mouth and osamu laying down flat on the couch gagging on atsumu's thick cock.

both cumming at the same time.
